OPTiTerm Windows Terminal Installation Guide

Techsupport2@globaletelecom.com

To install Optiterm on to your Windows machine create a Folder on your “C:\” drive named **OptiTerm**, then drag and drop the **Optiterm_Setup.exe** file into that folder.

In the **OptiTerm** folder there will now be a file called **Optiterm_Setup.exe**. Double click or open **Optiterm_Setup.exe**.

The setup process will automatically install the application files into the **OptiTerm** folder.

Double click or open **OPTA_win32.exe** in the **OptiTerm** folder to launch the configuration downloader.

At this point you will need terminal specific information from the **Merchant Approval & Download Form** in order to complete the installation (Sample provided below):
